Dear Sir:

Applicants received the Interview Summary mailed August 8, 2011 issued by the Examiner in connection with the above-referenced patent application. The telephonic interview was conducted on July 28, 2011 between Examiner Dean and Applicant. During the course of the interview, the Examiner and Applicant discussed prior art reference Nayak U.S. Patent Publication No. 2004/0180689. The Examiner and Applicant discussed the issue of Nayak not teaching the feature of recognizing whether or not a call includes video data. Agreement was reached with respect to the claims. It was agreed that the Examiner would withdraw the finality of the application and reopen the prosecution.

Respectfully submitted,
